Sankara Narayanan Paramasivam

Google Cloud Certified Professional Cloud Architect · Full Stack Developer · Technical Lead

Louisville, Kentucky, USA sankaranarayanan097@gmail.com
linkedin.com/in/sankara-narayanan-paramasivam-00a00a11a sankar-dev.github.io

SUMMARY

Google Cloud certified Professional Cloud Architect and full stack developer with 12+ years of experience designing and building scalable, secure web platforms. Currently technical lead on an instant money transfer application for a U.S. banking client, owning architecture, secure design, GCP migration, development, code reviews, CI/CD and deployments. Strong across Node.js services, React/Next.js and Angular front ends, MSSQL, Redis and PostgreSQL, and cloud-native delivery with Kubernetes, Docker and Ansible.

EXPERIENCE

System Analyst · Technical Lead — Aspire Systems — Mar 2023 – Present · United States

Banking domain · Instant money transfer application for a U.S. banking client (confidential)

- Technical lead owning architecture and secure design; hands-on development and code reviews
- Migration of the application to Google Cloud (GCP); containerized with Docker, orchestrated on Kubernetes
- Configuration automation with Ansible; CI/CD pipelines and production deployments
- Single sign-on (SSO) integration; Redis Cluster for distributed data and caching
- Database migrations with DbUp; monitoring and observability with Datadog; Nginx

Module Lead — Aspire Systems — May 2020 – Mar 2023 · Chennai, India

Sr. Analyst — Projects — Excelacom Technologies — Sep 2017 – Apr 2020 · Chennai, India

Software Developer — Encore Software Services — Sep 2015 – Sep 2017 · Chennai, India

Web Developer — Freelance — Jan 2014 – Sep 2015 · Chennai, India

SELECTED EARLIER PROJECTS

- **ServiceNow Incident Dashboard** — Angular, Angular Material and Chart.js on a JWT-secured Express REST API documented with Swagger
- **Network Monitoring Admin Dashboard** — Angular dashboards and CRUD workflows on an Express backend
- **sKiosk Desktop App** — Electron kiosk app with auto-updates, offline WordPress mirroring and AWS S3 content sync
- **WordPress platforms** — multisite content approval workflow, REST API survey engine, Twilio SMS and email campaigns

SKILLS

Cloud & Architecture	Google Cloud (GCP), cloud-native architecture, cloud migration, scalability, GKE, Cloud Run, Cloud Functions, Cloud Storage, Firebase, AWS EC2 & S3, Azure
Backend & APIs	Node.js, Express.js, hapi.js, REST APIs, Swagger / OpenAPI, PHP, WordPress
Frontend & Desktop	React.js, Next.js, Angular, Angular Material, TypeScript, JavaScript, HTML5, CSS, Electron
Data	MSSQL, Redis Cluster, MySQL, PostgreSQL, MongoDB, DbUp
DevOps & Tooling	Kubernetes, Docker, Nginx, Datadog, Terraform, Ansible, Azure DevOps, GitHub, CI/CD
Security & Quality	Secure design, SSO, IAM, cloud security, OWASP Top 10, secure SDLC, end-to-end testing (Jest)

CERTIFICATIONS

Professional Cloud Architect — Google Cloud · Sep 2026 – Sep 2028 · Verify on Credly

- **6 Google Cloud skill badges** — Cloud Security Fundamentals, Secure Cloud Network, Manage Kubernetes, Load Balancing on Compute Engine (2026); Deploy Kubernetes Applications, Serverless Apps on Cloud Run (2024)
- **9 Google Cloud courses** — Kubernetes, Cloud Run, Cloud Functions, Firebase, Gemini, containers, service orchestration (2024)
- **Secure development** — CSSLP Secure Software Concepts, Secure Coding, OWASP Top 10, Web Security, Developing Secure Software, E2E Testing with Jest (LinkedIn Learning, 2022–2023)

EDUCATION

B.Tech, Information Technology — Anjalai Ammal Mahalingam Engineering College, Anna University — 2007 – 2011
